NOTES:

Some UCR offense titles are different from Penal Code titles. Therefore, the totals will be different than the Crimes totals.

Ex: Theft from a motor vehicle is considered a theft instead of a burglary. Theft of Service is considered Fraud instead of theft

Most of the forgery/fraud cases the offense may have occurred in another jurisdiction but by law we are required to take the report if the offense is reported to us.

If a veh is stolen herebut recovered in another jurisdiction, the recovering agency gets the recovered \$ amount. If the veh was damaged or stripped the recovery \$ amount will be the amount at the time of recovery instead of the value at the time of the theft. Because of this we do not add the recovered vehicle \$ amount (stolen from other jurisdiction) to Ovilla's total recovered \$ amount.

If a suspect is arrest on more than one offense, the arrest is only counted as one arrest.
